Want to learn about historic battlefields and sunken warships and aircraft?

Then register for:

**HIST 3005 Battlefield Archaeology**

*HIST3005 Battlefield Archaeology* draws on archaeological approaches in the investigation of battlefield sites. Students will learn about battlefields and conflicts both on land and underwater and study some of the most well-known battles across the globe. A wide range of case studies from ancient to modern battles will be covered.

**Spring 2022**

**Instructor:** Aleck Tan, ECU
Defense POW/MIA Accounting Agency (DPAA) Research Partner Fellow
